

Pass the Parcel with a Twist

Instructions:

- Cut out the “Challenge Tasks” listed below. You do not have to use all the tasks but use according to the number of kids playing
- Place one “Challenge Task” on one layer of gift wrapping
- Variations:
 - Place a chocolate bar with a “Challenge Task” on every layer of wrapping
 - Skip a “Challenge Task” occasionally to add an element of surprise. But place a chocolate bar on every layer of gift wrapping as kids would feel bad missing out on a chocolate
